

m Author main features

RESPONSIVE DESIGN CAPABILITIES

Some want to learn on a tablet, others on a computer, and others even on a smartphone. Some prefer to look vertical while others in horizontal screen orientation. Fortunately, you can meet all the expectations and make their learning comfortable! Use a set of functionalities that optimize the page layouts whatever they wish.

*Facilitate the learning process
in every dimension.*

1 YOUR eCONTENT IS ADJUSTED TO DISPLAY ON EVERY SCREEN

The new mAuthor feature allows the creation of courseware displayed perfectly on various devices and screen sizes. It optimizes the page layouts for computers, tablets, smartphones, and other devices. Furthermore, this feature allows control over displaying the eContent in vertical or horizontal screen orientation.

2 YOU CONTROL THE LAYOUT

You can easily change the size and position of all page elements or completely redesign the page within each layout.

RESPONSIVE DESIGN INTERACTIVE TUTORIAL

Check the mAuthor editor tutorial and learn how to create responsive layouts so that your educational materials perfectly adapt to any device.
